

# CCTV SECURITY SYSTEM TRAINING KIT

Model Number : GOTT-CCTV-SECURITY

## DESCRIPTION

GOTT CCTV Security System Training Kit provides courses and hands-on experiments to installers, operators, managers and designers of Closed Circuit Television (CCTV), alarm, access control and all other types of electronic security systems.

Courses are available to meet the training requirements of student and security personnel at all levels. Foundation courses for those with little or no previous experience.

## FEATURES

**After training course members will be able to:**

- Demonstrate knowledge of how a closed circuit television system operates.
- Recognise problems that can occur during installation.

**Install, set up and maintain:**

- Cameras and Lenses
- Monitors
- The Cabling System
- Switching Units
- Test and locate faults on the above units.
- DVR + networking

**EXPERIMENT TOPICS :**

- Cables and signal transmission
- Closed Circuit Television Block Schematic
- The individual blocks in detail
- Setting up equipment for the best performance
- Installation Faults
- Safety when servicing units
- AV Transmitter and Receiver (video only)
- Using a Stand Alone Digital Video Recorder
- Using a Stand Alone Digital Video Recorder with AV transmitter and AV receiver
- Using a Stand Alone Digital Video Recorder with 8 Channel AV transmitter and 8 Channel AV receiver
- Computer interface with AV transmitter and AV receiver
- Computer interface with 8 channel AV transmitter and 8 channel AV receiver

**Manuals :**

- (1) All manuals are written in English
- (2) Model Answer
- (3) Teaching Manuals

**General Terms:**

- (1) Accessories will be provided where applicable.
- (2) Manuals & Training will be provided where applicable.
- (3) Designs & Specifications are subject to change without notice.
- (4) We reserve the right to discontinue the manufacturing of any product.

**Warranty :**

2 years
